PROJECTS

Portfolio | HTML, CSS, JavaScript |

My passion for web development started when I built my first website back in 2017, and since then, I've honed my skills in HTML, CSS, JavaScript and NodeJs to create engaging and dynamic websites for clients across various industries.

Automated Student MCQ Checker | HTML, CSS JavaScript (Nodejs, EJS) |

I made this project for JEE, NEET school they wanted to make MCQ checker for google form MCQ using Website.

Maheshwari Commodities | HTML, CSS, JavaScript |

Created a web application for importing and exporting grains and beans. The platform was built to streamline the process of connecting buyers and sellers from all around the world.
